**Have you ever served on the ECAR
Finance Committee?**

Yes

What is the largest organization for which you have been an elected officer, if any? Please include dates of service, number of members and what office you held.

What opportunities do you envision for ECAR's future?

ECAR's future looks very bright. I am very excited about the leadership team that is in place right now, as they are all looking out for its membership. Also, with our new AE in place, this has given ECAR a step ahead as being recognized as an association that cares and gives back.

Describe your perception of the role of ECAR Assistant Treasurer and the reasons you believe you are qualified to serve in this position. Include your strengths that would be an asset to the Association.

I have served on the finance committee on the Local and State level for many years. The assistant treasurer's job is to support the Treasurer and to look after the membership's money. It is not ECAR's money or the Treasurers money, but the memberships money. Also, as an elected official, I am in charge of a 61-million-dollar budget. My goal and always will be my goal to protect the memberships money and be accountable and transparent.
